Single Premium Loans - Single premiums may be paid by the lender, an immediate family, employers, city or town, sellers, non-profits, or the borrower. Single Premiums NOT paid by the lender are refundable under our published refund schedule.

New Enhancements to MassHousing's MI Platform

The Mortgage Insurance Fund has made some significant enhancements to our Mortgage Insurance Platform. The following changes and/or new options provide an ease of use for all our lending partners and will improve loan accuracy and quality:

- **MI Calculator** available (with all Personas) after signing into emasshousing. Complete all fields and obtain your MI factor. A quick and easy way for Loan Originators to obtain the MI factor to be used when qualifying the borrower
- **MI Quotes** available with all Personas that can select a Product. (This is not a certificate and not a premium guarantee, a Quote should not be obtained after ordering an MI Certificate)
- **MI Certificate** available with the Get MI Certificate Persona. The **new** fields added are illustrated below:

FICO	<u>777</u>	First Time Homebuyer	<u>True</u>	City	<u>Salem</u>
CLTV	<u>94.186%</u>	Annual Income	<u>\$72,000.00</u>	Property Unit(s)	<u>1</u>
DTI	<u>38.11%</u>				

MI Certificates should be generated after receipt of final loan data and underwriting. The MI certificate is the only guarantee of premium and the amount from an updated and accurate MI certificate is what should be disclosed to the borrower. The MI certificate should be rerun before closing.

Please note changes to your loan file will affect your MI premium and will require a MI Certificate to be generated. Any changes to the following data will require a Certificate:

- FICO
- DTI
- LTV
- CLTV
- First Time Homebuyer Status
- Property Location
- Total number of units for property
- Income (AMI Percentage)
- Loan Amount
- MI coverage
