Section 1 – Guidelines for Request for Proposals

Project Description

The Massachusetts Housing Finance Agency (“MassHousing”) is seeking proposals from qualified investment banking firms to provide underwriting services in connection with MassHousing’s single-family and multi-family bond programs. MassHousing will be selecting one or more senior managing underwriters and co-managing underwriters as a part of this RFP process. Firms responding to this RFP (“respondents”) are required to prepare and submit their proposals in accordance with the directions contained in this RFP.

MassHousing is an independent, quasi-public agency created in 1966 and charged with providing financing for affordable housing in Massachusetts. The Agency raises capital by selling bonds and lends the proceeds to low- and moderate-income home buyers and home owners, and to developers who build or preserve affordable and/or mixed-income rental housing. MassHousing does not use taxpayer dollars to sustain its operations, although it administers some publicly funded programs on behalf of the Commonwealth. Since its inception, MassHousing has provided more than $20 billion for affordable housing. Most recently, in affirming MassHousing’s longstanding commitment to diversity and inclusion, the agency has, among other things, committed, over the next five years, to issuing 75% of its bonds under environmental, social, and governance (ESG) designations and increasing its ratio of expenditures to minority and women owned enterprises.

For a detailed overview of MassHousing and its financials, please review the most recent MassHousing Information Statement, dated March 29, 2021 and 2020 Annual Report. Both of these documents as well as others can be found on MassHousing.com website at https://www.masshousing.com/en/about/investors.

Award of RFP

MassHousing will award this RFP to the respondent(s) whose proposals are the most beneficial to MassHousing and contribute to the furtherance of its mission and five-year goals. Selection will be based primarily upon MassHousing’s determination of service, experience, past performance, qualifications, financial strength, innovation, community investment, quality of the respondent(s)’ affirmative action program and experience as or with minority and/or women owned enterprises, and/or other factors considered relevant by MassHousing.

MassHousing is an equal opportunity employer and encourages responses from entities which are certified as minority and women-owned business enterprises (MBEs and WBEs), veteran-owned business enterprises (VBEs), disability-owned business enterprises (DBEs), and lesbian/gay/bisexual/transgender-owned business enterprises (LGBTBEs). If your entity is certified as one or more of the above, please include evidence of such certification(s) or the basis for such designation(s).
Term

MassHousing expects to utilize the services of the respondent(s) selected pursuant to this RFP for an initial three to five year term commencing at the time of MassHousing Board approval, with the possibility of extension at the discretion of the Agency. It is anticipated that the services will commence on or about July 13, 2021. MassHousing reserves the right to use other underwriting and financial service firms from time to time on a case-by-case basis, including for services that are within the scope of services under this RFP.

Right to Reject Proposals and Negotiate Terms

1. MassHousing reserves the right to reject any and all proposals submitted under this RFP, and to negotiate with any respondent the terms set forth in its proposal prior to commencement of its services. If MassHousing determines that negotiations cannot be concluded successfully with any selected respondent(s), MassHousing reserves the right to withdraw its selection of such respondent(s), and to select and negotiate with one or more of the other respondents, or to issue a new RFP.

2. MassHousing is not required by law to conduct this RFP and reserves the right to cancel or withdraw this RFP at any time and for any reason.

3. The expectations, plans, and requests expressed in this RFP are not to be considered a commitment or contract in any way. The only binding agreement will be bond purchase agreements and similarly enumerated contracts.

Such respondent will retain all documents applicable to the services provided for a period of not less than seven (7) years after final payment is made.

Non-Discrimination Against Employees or Applicants for Employment and Affirmative Action Requirements

In connection with the performance of services undertaken by the selected respondent(s), the respondent agrees not to discriminate against any employee or applicant for employment because of age, physical or mental disability or handicap, sex, sexual orientation, gender identity or expression, genetic information, race, color, national origin, ancestry, alien or citizenship status, religion, creed, pregnancy or pregnancy related condition, children, marital status, familial status, veteran status or membership in the armed services, or any other characteristic protected by applicable federal, state or local laws. Confidentiality

Each respondent, by electing to respond to this RFP, and each firm electing to review this RFP that does not ultimately elect to submit a proposal hereunder, expressly acknowledges and agrees that MassHousing’s business procedures, ideas, inventions, plans, financial data, contents of this RFP, and all other MassHousing Confidential Information (as defined herein) are the sole and exclusive property of MassHousing, is to be held in strict confidence, and shall not be disclosed by such respondent or firm or any of its employees or agents to any third party. Such respondent or firm further agrees to notify MassHousing of any actual or suspected misuse, misappropriation, or unauthorized disclosure by it or its agents of Confidential Information that may come to its attention. Disclosure of Confidential Information does not include (a) the disclosure of information which is known or made known to the public through no act or failure to act on the part of such respondent or firm, (b) the disclosure of information required by law or court order to be disclosed, but only to the extent of such required disclosure and provided MassHousing is first given notice of such required disclosure and an opportunity to contest such required disclosure, and (c) the disclosure of information which has been previously authorized by MassHousing. For purposes hereof, “Confidential Information” shall mean all proprietary information, whether in tangible or intangible form, whether disclosed or obtained by the respondent or firm orally, in writing, in graphic or machine-readable form, and whether or not it is designated as confidential, including but not limited to proprietary processes, source code, technology, computer programs, computer systems, software, designs, inventions, trade secrets, specifications, techniques, data, documentation, manuals, processes, non-public financial information and other business information, third-party information that MassHousing is obligated to keep confidential, oral statements, notes, analysis, compilations, studies, interpretations, or other documents prepared by the respondent or firm or its representative(s) which contain, reflect, or are based upon, in whole or in part, the information furnished to the respondent or firm or its representative(s) by MassHousing and any other information, tangible or intangible, that is disclosed or made available to the respondent as a result of the performance of the services for MassHousing. Confidential Information shall also include, in any and all forms, any nonpublic personal information, consumer reports, or other information pertaining to individuals, protected by MassHousing’s information security program or federal or state law. Each such respondent and firm also agree that it shall use the Confidential Information solely for the purpose of reviewing and, as applicable, responding to this RFP and performing the services hereunder, and will safeguard such Confidential Information of MassHousing to the same extent it safeguards and is obligated to safeguard its own confidential material or data relating to its own business information that is of a confidential or proprietary nature.

Federal and state laws require that MassHousing maintain an information security program to protect certain personal information related to individuals who are customers, business partners, vendors, or employees of MassHousing. This information includes the following: (i) Personal Information protected by Massachusetts General Law 93H and Code of Massachusetts Regulations, 201 CMR 17; (ii) nonpublic personal information protected by the Safeguards Rule of the Gramm-Leach-Bliley Act (15 U.S.C. § 6801 et. seq.) and implementing regulations (16 C.F.R. individuals subject to data security, data security breach notification, and identity theft prevention laws. If MassHousing grants respondent access to its networks or otherwise allows respondent to view personal information related to individuals who are customers, business partners, vendors, or employees of MassHousing, respondent shall comply with all federal and state laws protecting such information while working at MassHousing’s facility, while using MassHousing’s protected information, and while connected to MassHousing’s network. Respondent acknowledges that it is MassHousing’s policy to employ the services of outside investigative agencies to conduct background checks on individuals with access to its networks. In submitting its proposal, respondent acknowledges that it will be required to submit to such background checks of its impacted employees at MassHousing’s request. 6. List how many bonds were taken into inventory as part of the primary market offering in calendar year 2020 to the present date when the firm served as senior “book running” managing underwriter. List the housing finance agency, series, amount, and type of bond (i.e., serial, term, etc.).

9. Provide three state housing finance agency references that may be contacted during this RFP process.

Recommendations

1. Detail your firm’s experience in structuring bonds that achieve the lowest cost of funds, the lowest cost of issuance, the least negative arbitrage and the maximum bond yield to mortgage rate spread. Also, discuss your ideas for reducing potential negative arbitrage generated as a result of financing “permanent forward” loans issued prior to construction, with loan rates being set at the time the debt is sold, and the proceeds being advanced post construction (approx. 24 months).

2. Discuss the future role, if any, of variable rate bonds to limit costs and enhance the ability of MassHousing to manage its portfolio, including the role of derivative obligations as financial tools. Discuss your firm’s ability, experience, and limitations with respect to serving housing finance agencies in the role of remarketing agent, liquidity provider, and swap provider. Discuss your firm’s ability and willingness to provide these services to MassHousing and the related fees your firm would propose. Include in your discussion your firm’s experience with various forms of variable rate debt and the advantages and disadvantages of each type. Discuss your firm’s ability and willingness to provide other forms of credit to MassHousing (e.g., an unenhanced line of credit) and the related fees you would propose.

3. Discuss how your firm could be helpful to MassHousing as it seeks to develop new programs for single-family and multi-family housing. Discuss any specific recommendations that you would propose for MassHousing to consider.

4. Describe your firm’s strategies, programs and activities that highlight its commitment to diversity and inclusiveness. Indicate any third parties that you have engaged in your firm’s programs or transactions and discuss the firm’s future plans in this context. Discuss how those efforts have impacted the work your firm has done for HFAs.
5. Discuss the outlook for housing bonds, including, but not limited to, taxable, tax-exempt, PACs, premium bonds and pass-through structures, and the impact of issue size for each structure. Describe structures you would recommend MassHousing utilize given your views of the current market and in particular the limited availability of volume cap.

6. How would your firm describe the “perfect” pricing in terms of subscription levels, mix between institutional, professional retail and individual retail orders and the amount of bonds that are underwritten, including the level of adjustments, if any, to the scale.

7. Describe your firm’s approach to premarketing and establishing the initial pricing wire. Discuss the factors that are involved in determining whether a transaction should initially be brought to market with a conservative scale versus an aggressive scale. Discuss your thoughts on presenting a scale based on your firm’s view of the market versus premarketing to investors to determine the initial scale.

8. Discuss any strategies you might have to expand MassHousing’s retail sales and institutional distribution. Include specific recommendations to enhance investor interest in MassHousing.

9. Propose the syndicate procedures for the retail and institutional order periods, including order priorities and designation rules, that would be optimal for MassHousing’s bond sales. Discuss your views on whether professional retail should be a separate priority from individual retail and whether or not professional retail should be subject to designation rules.

10. Propose and justify how many senior and co-manager firms would be appropriate for MassHousing’s syndicate, and the types of firms that should be included. Discuss your thoughts on the practice of elevating one or more selling group members to co-manager positions and moving an equivalent number of co-managers to the selling group based on retail sale performance by each firm during the issuer’s prior bond sale.

11. Describe your firm’s procedure for establishing takedowns for housing finance agency bond issues and, under current market conditions, what takedowns your firm would propose for MassHousing’s bonds, broken down by maturity and type of security (taxable/tax-exempt, fixed rate, variable rate, PACs, notes/COBs, private placements, premium serials without housing calls, pass-throughs, and any other structure you think is relevant to MassHousing). Discuss the management fee your firm would propose, if any, and how it should be split among the managers.

12. Discuss your firm’s role and experience in providing financial products to housing finance agencies for the purpose of recycling prepayments and preserving volume cap for single-family and multi-family bonds. Discuss your firm’s ability and willingness to provide lines of credit or other recycling facilities to MassHousing and the related fees you would propose.

13. Discuss your firm’s plan and suggestions for LIBOR transition, including any marketing concerns you have that might effect MassHousing.
14. MassHousing has sold ESG Bonds and will be doing so in the future. MassHousing expects that over the next five-year period, at least 75% of its bonds will be sold with an ESG designation. Please discuss the benefits and considerations you believe would be important as we continue this practice. Also discuss your tracking capabilities for such types of bonds.

Technology Resources

1. Describe your firm’s technology capabilities, including a description of your computer software. Indicate whether you rely upon external sources for cash flow analyses for rating agency presentations. Describe the type of computer cash flow system you utilize.

2. MassHousing utilizes the services of cfX, Inc. as its quantitative consultant. Describe any efficiencies and cost reductions you could incorporate because of our relationship with cfX.

Community Investment

1. Describe any affordable housing resources your firm has allocated to Massachusetts since 2019 to the present date.

2. Please include with the RFP submission your firm’s performance evaluation under the Community Reinvestment Act in Massachusetts (if applicable).
