Seniors and Families at Clark House in Amherst will Benefit from Extended Affordability and Property Improvements with \$15.8 Million in MassHousing Financing

Financing preserves and extends affordability for at least 20 years

BOSTON – May 11, 2017 – MassHousing has provided \$15.8 million in financing to Redwood Housing for the renovation and preservation of 100 affordable housing units at Clark House in Amherst. Redwood Housing recently acquired Clark House and has extended the federal Section 8 Housing Assistance Payment Contract on all 100 units at the property. This is the first transaction Redwood Housing has completed in Massachusetts.

“Clark House is an important affordable housing resource for senior citizens and families in the Pioneer Valley, and we are pleased to partner with Redwood Housing, to preserve and modernize this vital community,” said **MassHousing Executive Director Timothy C. Sullivan**.

MassHousing provided a \$15.8 million permanent loan through the HUD/HFA 50/50 Risk Share Program. Of the 100 units at Clark House, 81 are designated affordable for elderly residents, and 19 are affordable units for families and disabled residents. MassHousing was able to preserve affordability at Clark House without committing any scarce public resources.

Redwood plans to make extensive improvements to the property, including replacing all domestic hot and cold water piping, improving accessibility, upgrading the community room, modernizing elevators, and replacing sliding glass doors and windows.

Clark House was built in 1980 and is located at 22 Lessey Street in Amherst, adjacent to the town’s senior center. The property contains 76 one-bedroom units, 18 two-bedroom units and 6 three-bedroom units. The property is managed by WinnCompanies.

MassHousing has financed three affordable rental housing communities in Amherst totaling 448 units and has provided 136 home mortgage loans totaling \$10.5 million to Amherst homeowners.
