### A Message from MetaSource (Titan) Regarding Delayed Release

Over the past few months, we, at MetaSource, have been finalizing the release of the new TLCWorx platform. We are excited with the strong feedback on the new platform. That is the good news.

While our development team has worked tirelessly to meet the February 5<sup>th</sup> release date, as often happens with technology and development, they have discovered a few unforeseen bugs and issues. Our project management believes these must be addressed prior to "go-live." MassHousing has been informed and has agreed to extend the "go-live" date to April 9th.

We regret the delay and any issues or confusion this may cause you or your team. MetaSource is committed to this release being as smooth as possible to ensure your loans are reviewed and purchased without delay. We will be cancelling all currently scheduled training and have attached the revised training schedules for your review. The signup process will be the same and is also in the link below. Lender training will re-commence on Tuesday March 13th.
