*Overall, the Agency has committed \$53.5 million for the initial phase of the redevelopment of the Boston Housing Authority's Whittier Street Apartments by the Madison Park Development Corporation and Preservation of Affordable Housing*

BOSTON – April 5, 2018 – MassHousing has closed on a total of \$49.3 million in affordable housing financing to affiliates of Preservation of Affordable Housing (POAH) and the Madison Park Development Corporation, to support the ongoing first phase of the [Whittier Choice Neighborhoods Initiative](#). The MassHousing financing will advance the phased demolition and redevelopment of the [Boston Housing Authority's](#) 200-unit Whittier Street Apartments in Roxbury.

As part of the Whittier Choice Neighborhoods Initiative, [Preservation of Affordable Housing](#) will utilize a total of \$27.4 million in MassHousing financing to construct the 92-unit Whittier at Cabot apartments, in a midrise building and adjacent townhomes, on the site of the current Whittier Street Apartments. Concurrently, [Madison Park Development Corporation](#) will use \$21.9 in MassHousing financing to construct the 76-unit Madison Melnea Cass Apartments in nearby Madison Park Village.

Both new residential communities will contain a mix of affordable housing units with a preference for current Whittier Street residents, workforce housing units, and market-rate housing. The phased redevelopment of the Whittier Street Apartments will ultimately redevelop and preserve 200 public housing units, and create an additional 309 housing units.

“We are very pleased to be part of this major initiative that is going to transform the Whittier neighborhood for the residents of Roxbury,” said **MassHousing Executive Director Chrystal Kornegay**. “The Whittier Choice Neighborhoods Initiative will not only result in the development of new housing in the neighborhood, but also spur economic, educational and social opportunities for the broader Lower Roxbury community. This highly impactful redevelopment is the result of a determined partnership between stakeholders at the local, state, and federal levels. The residents of Whittier Street, along with Madison Park and POAH, devoted years to building a comprehensive vision for building prosperity and equity in their neighborhood. It’s thrilling to be a partner in helping their vision come to fruition.”

The project has been [awarded](#) a \$30 million implementation grant through HUD's highly competitive [Choice Neighborhoods](#) program, which helps communities transform neighborhoods by revitalizing severely distressed public or assisted housing and catalyzing critical improvements in the neighborhood, including vacant property, housing, businesses, services and schools.

"POAH is grateful for the support of Whittier Street residents, the Boston Housing Authority, and a myriad of community-based organizations for allowing us the opportunity to provide new housing and economic development opportunities in this neighborhood," **said POAH President and CEO Aaron Gornstein**. "We also greatly appreciate the incredible support from Mayor Walsh, MassHousing, and HUD for providing the critical funding so that we can build the first phase of this development."
